KHL premium automatic car washing machine parameters

External dimensions (mm)	7000*4000*3250	Power requirements	Three phase four wire
Installation dimensions (mm)	8000*6000*3300 10000*4000*3300	Whole machine power (kW)	38/45kW
Track length (mm)	6880	Power frequency (Hz)	50/customization
Car washer volume (mm)	3400*1500*1280	Snowflake foam (mL/Car)	50-100
workstation volume (mm)	1300*760*1265	Wipe free car wash fluid (mL/Car)	20-50
frame volume (mm)	7000*610*600	Water wax (mL/Car)	20-40
Gross weight (kg)	850kg+419kg+585	Electricity consumption (kWH)	0.4/0.75
Maximum car wash size (mm)	5800*2200*2050	Maximum water pressure (BAR)	100/120
Quick car wash time (min)	3	water consumption (L/Car)	140
Fine car wash time (min)	10	water consumption (L/Car)	220
Number of drying fans	4	Power of drying fans	5.5kW*4
